CLARK MONUMENT AT FORT MASSAC UNVEILING FETE

Daughters of American Revolution Present Shaft Thursday Afternoon.

Prominent Citizens and Society Leaders Take Part.

HISTORICAL GROUND IS VISITED

One of the most interesting social and patriotic events this fall will be the unveiling next Thursday of the monument erected by the Illinois Daughters of the American Revolution at Fort Massac, in honor of the memory of General George Rogers Clark. The unveiling will be done by Beatrice Chouteau Turner, great-grand-niece of General Clark. The unveiling will take place at 5 o'clock. A R. chapter and return at 5 o'clock. The program is: Assembly called to order by the chairman of the Fort Massac commission, Mrs. Matthew T. Scott. Prayer—Rev. T. D. Latimer. Music—Metropolis band. Address of Welcome—Hon. D. W. Helm. Response—Secretary of State, Jas. A. Rose.

Address—Prof. J. C. Blair. (Of the University of Illinois, superintendent of improvements and development of park and construction of monument.) "Illinois," sung by Mrs. L. E. Yager, Oak Park, Ill. Presentation—Mrs. S. W. Jamison. (State Regent of the Virginia Daughters of American Revolution copy of the original of the commission from Patrick Henry, governor of Virginia, to George Rogers Clark, when starting on the Illinois expedition.) Presentation of Monument to the State—Mrs. Charles V. Hickox. (State Regent of Illinois Daughters of the American Revolution.) Unveiling of the Monument—Beatrice Chouteau Turner. (Great grand niece of George Rogers Clark.) Acceptance of the monument—Hon. Charles S. Denen. (Governor State of Illinois.) Music—Metropolis band.

A Coal House Fire.
Fire company No. 3 and the truck from station No. 4 were called to 1115 North Thirteenth street this morning by a fire in a coal house. The blaze spread to other coal houses but the firemen stopped the fire with little loss.

Seeking for Fugitive.
Gus Nix, marshal of Murray, was in the city yesterday and went down to Metropolis in the Cutaway II after a negro house breaker, who escaped from the Murray jail. The negro was caught at Metropolis and was held in the Metropolis jail until Officer Nix arrived.

SECRETARY WRIGHT WILL HOLD DOWN THE LID.

Washington, D. C., Nov. 3.—Today Secretary of War Luke E. Wright, of Tennessee, is sitting on the lid of government in the absence of President Roosevelt, other cabinet officers and prominent government officials who will be voting in their home states.

COURTS SILENT AND LAWYERS ARE TAKING DAY OFF

Business was at a standstill in the courts today and little, if any, business was transacted. No session of police court was held, and on account of the court rooms at the county court house being occupied as voting places, it was impossible for the fiscal court to meet or any other business to be transacted, except in the clerks' offices where deputies were on duty.

At the sheriff's office, where there has been a rush for several days to pay taxes, there was little doing and one deputy easily waited on the tax payers. The lawyers' offices were also vacant, many of the attorneys working at the polls.

A special Western Union wire with an operator in The Sun office, a special state service and the regular service of the United Press association, and a special telephone service of both the local companies installed in the office will bring all the returns to The Sun office early and completely. The special Western Union service will open at 5:30 o'clock this evening. Returns will be thrown on a screen in front of The Sun office.

Sudden Fright Over Runaway Kills Henry Yarbrow, Wood Hauler of Mill Street—Found Dying in His Bed

Family Failed to Awaken Him
at Noon and Medical Attention
Could Do Nothing to
Save Him.

Sudden fright over his horse running away is attributed as the cause of the death of Henry Yarbrow, 65 years old, a wood hauler, today at noon. Yarbrow was out hauling wood this morning, and about 10 o'clock his horse was frightened and ran away. Yarbrow was so excited he went to his home on Mill street, and on his daughter's advice went to sleep at 11 o'clock to rest. At noon the family tried to awaken him for dinner. He was breathing his last, and Dr. J. T. Troutman was called. The cause of his death could not be ascertained, but Dr. Troutman believes that it was heart trouble superinduced by the fright this morning.

Britt Whites Summers.
London, Nov. 3.—Jimmy Britt, the California fighter, defeated Johnny Summers, of England, in the tenth round last night.

HANS WAGNER HAS STRUCK OIL.
Pirate Star Puts in Some Money in Drilling and Makes a Strike.

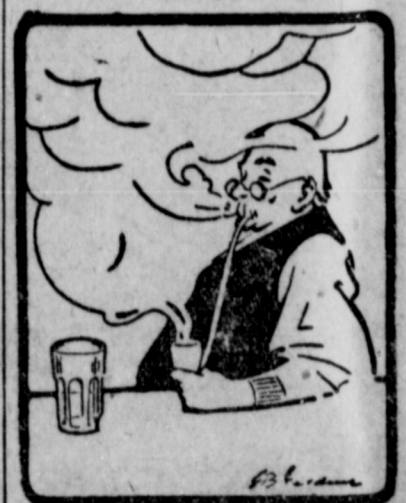

Pittsburgh, Nov. 3.—Hans Wagner, the "Flying Dutchman," champion batsman in baseball, has had another streak of "Dutch luck," as he terms it. He has struck oil. Hans, the pirate star, went hunting rabbits the other day and captured an oil well. Late last night he received a telegram from friends at Wellsburg, W. Va., that a well for which he had helped pay the drilling cost had entered the pay streak and was spouting oil at the rate which will make the big fellow more wealthy than he ever dreamed of being.

HUNTING SEASON WILL SOON OPEN IN THIS STATE AND NIMRODS ARE PREPARING

With the opening of the real hunting season, but two weeks in the future, Paducah amateur nimrods already are cleaning and oiling their favorite weapons before taking to the fields. On November 15 the open season for quails, squirrels and rabbits will begin and continue until January 1. From the reports from the Purchase there will be good hunting, as the quails are more plentiful this year than in some time. It has been reported that a few hunters with no respect for the game law have been out with dogs and guns, and despite the heavy penalty have been hunting.

Nine months have passed since the Paducah hunters have had a chance to go through the

WEATHER.

CLOUDY

Partly cloudy tonight and Wednesday, moderate temperature. Highest temperature yesterday, 69; lowest today, 50.

First Election.

Louisville, Nov. 3.—Incomplete returns from the school trustees' race which is viva voce, indicate Republicans win in ten out of twelve wards.

Child Dies

Little Goldie Reed Barnes, the 4-year-old daughter of Mr. and Mrs. G. C. Barnes, died last night at the home of her parents, near Elva, Marshall county, of membranous croup. The funeral will be held tomorrow afternoon at 1 o'clock. The burial will be at the Wood cemetery near Elva.

CHRISTIAN CHURCH BURNS.

Fire Destroys House of Worship Near Maysville During Services.
Maysville, Ky., Nov. 3.—The Minerva Christian church, about ten miles west of here, in this county, burned during services, the congregation getting out without anyone being injured. A defective flue was the cause. Loss, about \$2,000; insurance, \$1,000. A fine library and pipe organ were burned.

PLAN ARGENTINE MEAT TRUST

American Syndicate Aims to Buy the Plants and Control Trade.

Buenos Ayres, Nov. 3.—The Tribuna Popular calls attention to the attempt of an American syndicate to control the meat trade of the Argentine republic. It asserts that two representatives of the syndicate are about to arrive at Buenos Ayres and contemplate the purchase of all the chilling plants in Argentina, as well as big tracts of land, so as to be enabled to pay the breeders low prices.

fields after quail, and from the prospects the first day after the game law has expired the woods will be as full of hunters as the streets have been full of candidates. Several hunters after casting their votes, picked up guns and started for the woods today in order that their sight might be ready for the real hunting season.

Forest Fires

Morganfield, Ky., Nov. 3.—(Special.)—Forest fires in the hills near here are causing heavy losses. A big force is fighting the flames.

Gruesome Blaze

Wheeling, W. Va., Nov. 3.—While the body of Charles Fisher was in a casket awaiting burial the explosion of a lamp set fire to the coffin. The corpse's clothes were burned off and the body scorched.

DYCSBURG HOTEL IS DESTROYED BY FIRE EARLY TODAY

Dycsburg, Ky., Nov. 3. (Special.)—The new two-story frame hotel, owned and operated by J. I. Hill, was totally destroyed by fire early this morning. The loss is over \$2,000 with no insurance. Prof. Charles Hust, teacher in the public schools, was asleep when the fire was discovered about 2 o'clock this morning, and had a narrow escape from burning to death. No cause for the fire is known.

WARRANTS SWORN OUT FOR HUNDRED REELFOOT RIDERS

Three Capital Offenses Charged
Against Each One of Ac-
cused Men For Crime.

Several Prisoners Removed
From Camp Nemo.

WHAT THE WARRANTS CHARGE

Union City, Tenn., Nov. 3.—Upon the affidavits of James S. Deason, uncle of Capt. Quentin Rankin; Hillsman Taylor, son of Col. R. Z. Taylor, and J. C. Burdick, owner of the fish docks at Samburg, which were once destroyed by the night riders, 300 warrants were issued by Justice R. Polk. There are three sets of warrants against each of the 100 night riders, and of this number at least two-thirds are already under arrest or under parole by the military authorities at Camp Nemo. One set of warrants charge murder in the first degree, being based upon the killing of Captain Rankin. The second set charge assault with intent to commit murder while masked, also a capital offense under the laws of Tennessee. They are based upon the attempt made to end Colonel Taylor's life, when he escaped from the clutches of the gang. The third set of warrants, were those sworn to by Mr. Burdick and charge the parties named with going masked upon the premises of another in the night time. The maximum punishment for this offense is twenty-one years in the penitentiary and the minimum punishment is two years.

Fifty-seven Prisoners at Camp.
At the present time there are 57 prisoners held at camp, and Major Hal Holmes said on his arrival here that none was detained simply as a witness. Twelve prisoners have been taken away and the remaining 33 defendants named in the warrants are under parole, according to a statement made by Attorney General Caldwell.

PLAINTIFF NAMES SISTER.

Daughter-in-Law of Authority on Divorce Seeks Separation.

Boston, Mass., Nov. 3.—Mrs. De Lana E. Bishop, of Cambridge, filed a bill for divorce from her husband, Charles S. Bishop, in the divorce court at East Cambridge last April, and it did not become known until today. Mrs. Bishop names her sister, Miss Eva S. Froeligh, of Brooklyn.

A peculiar feature of the case is that the respondent is the son of the late Prof. Joel Prentiss Bishop, whose works are the standard legal authority on matters of marriage contract and divorce. When the case is brought to trial the works of the respondent's father will govern the procedure in the case.

Mr. Bishop is president of the Bishop Publishing company, which deals largely in the works of his father.

Out of Ballots

About 1:20 o'clock at the Clark's river precinct the ballots in the national election were exhausted. Forty voters were in line waiting until the ballots could be rushed from the city.

Burned With Coal Oil.

Mrs. Pearl Grannell was severely burned this morning about the face and hands in an attempt to start a fire with coal oil. Dr. Frank Boyd was called and dressed the burns and this afternoon Mrs. Grannell is resting as well as can be expected. Mrs. Grannell put coal oil in a stove to start the fire and when she lighted the fire it flashed up in her face.

Hurt in Runaway

Mr. Samuel White was thrown out of his rig at Twelfth and Trimble streets at 12 o'clock today and was cut several places about the face and head and was badly bruised. Mr. White had one long cut about his left eye that had to be sewed. Mr. White was driving to his home, 1120 North Tenth street, and at Twelfth and Trimble streets one side of the shaft came loose from the buggy and frightened the horse. The animal lunged and started to run, the buggy turned over and Mr. White was thrown out in the gutter. The buggy was demolished and the horse was skinned about the legs.

AFFINITY SHOOTS HUSBAND AND WIFE REPENTS CONDUCT

When Mrs. George Yates is said to have found her "affinity" trouble began, and it ended yesterday by Lawrence Burton shooting George Yates. The woman turned her affections to her husband, and clung to him while Patrolman Tobie Owen helped them into the patrol wagon. Yates is at Riverside hospital, but it is thought that he will recover. The police have not arrested Burton.

It is alleged that Burton left with Mrs. Yates at Clarksville, Tenn., and they floated down the Cumberland river on a houseboat. When Paducah was reached the boat was tied to the bank at the Illinois Central incline. Yates followed, and yesterday he went to the boat and found his wife and Burton together. A quarrel ensued, and Burton pulled a pistol and shot Yates in the body and through the left wrist and his left shoulder was dislocated. Burton pulled out in the middle of the river and escaped after the shooting.

Patrolman Owen rushed to the boat and arrested Yates and his wife, both of whom were acting strangely. Dr. R. E. Hearne was called and he sent Yates to the hospital for treatment. Burton is a man 38 years old and is alleged to be a fugitive.

New York Town Burns.

Syracuse, N. Y., Nov. 3.—The town of Savannah was practically destroyed by fire. Every house on Main street was burned. Only scattered buildings were saved. Several cities sent apparatus, but it arrived too late.

PRESIDENT WILL LEAVE MARCH 13 ON AFRICAN TRIP

New York, Nov. 3.—The Times says it has learned from an excellent authority that President Roosevelt plans to leave New York March 13, nine days after the inauguration, for Naples, via Gibraltar, where his steamer is due on March 25. Besides his son, Kermit, who will take photographs of big game in Africa, says the Times, he will be accompanied by a professor from the Smithsonian Institute, and an official from the navy department.

From Naples Roosevelt and party will go to Mombasa, via the Suez canal and Aden, a sea journey of seventeen days, including stops.

So far no arrangements have been made for the six months the party will spend in Uganda province, between the coast and Port Florence.

On Lake Victoria Nyanza the party will embark for Entebbe in Central Africa.

FAIR WEATHER AND HEAVY VOTING ALL OVER COUNTRY AND BOTH SIDES CONFIDENT

How Presidential Candidates and President Roosevelt Cast Their Ballots.

EARLY VOTING RULE IN PADUCAH AND COUNTY
PRECINCTS—PRIMARY POLLS RUN OUT OF BALLOTS

Houser's Friends Declare That in All His Country Strongholds Short Supplies of Ballots Were Delivered to Prevent His Supporters Getting Vote Recorded

Reports from every precinct in the city and county are that a tremendous vote is being polled and in many precincts warnings of a shortage in ballots was sent out as early as 9 o'clock in the morning.

Especially was this true in the country precincts in the Democratic primary, and some candidates and their friends were openly charging fraud. At Florence Station precinct it was reported that only 15 ballots were sent to that precinct.

The cause of the shortage of the ballots in the general election was that the vote in the county at the last general election was extremely light and the estimate was made according to the statute, but 50 per cent was added to the number of votes cast at the last election. It soon became apparent this morning that the vote today would exceed that of the last general election by at least 75 per cent.

Besides the shortage of ballots in the primary, general confusion existed at many of the precincts because of the fact that election officers had not been instructed as to their duties. In many precincts no election officers appeared to hold the primary and it was necessary to summon others, which required time and many voters became disgusted and went home after voting in the general election.

The general equipment at the voting places of the primary was poor and the crudest sort of voting booths and tables were arranged. There was general complaint as to shortage of stencils, ink pads and other supplies. As soon as reports began to come in about the shortage of ballots, the county clerk ordered the printer to start the presses, printing extra ballots, which were despatched by special messengers at the earliest possible moment. All the precincts but one that reported a shortage were near the city, but a 16-mile drive was necessary to get the ballots to the Milan precinct.

An example of the heavy voting was the report that came from Hovekamp precinct. One hundred and ninety ballots were sent to the general election officers, and at 9:30 o'clock 122 of these had been voted, and it was estimated that there would be 75 more voters than ballots.

Were Houser Precincts.
It was the cause of general comment on the streets that every precinct where ballots ran out in the primary were Houser strongholds. Friends of that candidate openly charged it was a scheme of the machine to beat Houser somehow.

Extra ballots were procured and friends of Mr. Houser went out in automobiles to the different precincts with a good supply of ballots.

Colored Voters Deceived.

Word was received at Republican headquarters early this morning that many colored voters through force of habit in voting in the circle at the head of the second column on the ballot were stamping their cross marks under the rooster and were voting the straight Democratic ticket. Workers were sent to the polls, but not until it is estimated several hundred had voted that way were they set straight.

This is the first election in twelve years that the Republican party has had the distinction of occupying the first column on the ballot and the illiterate voter, who has become accustomed to voting in the second column, did so this morning, thinking he was voting the Republican ticket.

Louisville, Nov. 3. (Special.)—Reports from all over the state show fair weather and a heavy vote being cast. In Louisville the early vote was heaviest in years.

Big Vote in Davies.
Owensboro, Ky., Nov. 3.—(Special.)—The biggest vote in the history of Davies county is being polled. Many precincts ran out of ballots.

Mr. Thomas J. Flournoy, of Rockmart, Ga., is in the city today. Mr. Flournoy came home to vote.

Lincoln, Neb., Nov. 3.—Bryan was one of the first voters in this precinct. It took half a minute to cast his ballot. The voting is heavy. Bryan said: "The fight is already won. Reports indicate we carry New York, Indiana, Ohio and Nebraska and several other doubtful states."

Taft Votes.
Cincinnati, Nov. 3.—Declaring that Taft wants no illegal votes, John Herron, the candidate's brother-in-law, and challenger of the honest elections committee, went to the polls and challenged dozens of men. He caused a panic among the Indians and many deserted the polls. Taft voted early and expressed confidence in his victory.

At Indianapolis.
Indianapolis, Nov. 3.—This is the heaviest voting throughout Indiana in years. Kern and Fairbanks voted in the same precinct. They occupied less than a minute each. They exchanged greetings.

New York Voting.
New York, Nov. 3.—Beautiful weather is bringing out an enormous vote. The balloting is somewhat delayed because of the new registration laws that require men who can't write to answer a long list of questions. Ten thousand police are on duty to prevent disorder. Much trouble is feared. Both parties have hundreds of lawyers on hand to straighten out legal tangles. Betting took part mostly on the state result. Chanler is again favorite. It is understood \$200,000 was distributed by Tammany. Hughes voted early and returned to Albany. Throughout the state there is heavy voting.

Returns at the White House.
Washington, Nov. 3.—President Roosevelt has arranged to entertain a party at the white house tonight to receive returns. Several cabinet members and their families and a few intimate friends will be his guests. Mr. Roosevelt will receive the United Press leased wire returns and specials from Republican headquarters. Mrs. Roosevelt and friends will receive returns in the parlors. President Roosevelt is expected from Oyster Bay at 7 o'clock.

Heavy Vote in West.
San Francisco, Nov. 3.—There is heavy voting throughout the Pacific and western states. The greatest interest is manifested.

In Oklahoma.
Guthrie, Okla., Nov. 3.—There is a heavy vote despite the threatening weather. Balloting is slow because of the complicated tickets. It may cause part of the country to be shut out. Democrats claim 30,000 majority. It is the first time Oklahoma has participated in the national election and great interest is manifested.

Voting Heavy in West.
Denver, Nov. 3.—Fair weather prevails throughout the mountain states with heavy voting.

In New England.
Boston, Nov. 3.—Fair weather and heavy voting throughout New England.

In Kentucky and Maryland.
Cincinnati, O., Nov. 3.—Reports from Maryland and Kentucky, in which both sides are claiming, indicate a heavy vote. The majority of the city vote was polled before noon. There was much scratching in both states.

Voting in Ohio.
Columbus, O., Nov. 3.—Reports to both headquarters from the whole state show a heavy vote. There is much scratching. Republicans claim that both Taft and Harris will carry the state. Democrats are still sure of a Bryan and Harmon victory. All

Cures Dyspepsia; Trial Is Free

It is a popular mistake that only wealthy people who eat rich and highly-spiced foods suffer from dyspepsia, or, as it is also known, indigestion. The laborer in the street, the worker in the field also finds himself a victim of this disorder. Among the very greatest sufferers from it are women.

Dyspepsia is indicated by a constant feeling of lassitude, by loss of appetite and troubled sleep, by sour stomach and distension after eating, by bad complexion and watery eyes.

There is no surer and speedier cure for this trouble than Dr. Caldwell's Syrup Pepsin, which dyspepsia have been using successfully for twenty years. This great and effective compound cured Capt. Clark, of Buffalo, La., of dyspepsia and sour stomach that he had had for forty years, and until the lucky day that he heard of Dr. Caldwell's Syrup Pepsin. It cured Mrs. Adams, of Montgomery, Ala., after suffering continuously for sixteen months. These are only a few of the many. But it is not expensive to be cured with this great remedy, as it can be bought at any drug store in a 50-cent or \$1 bottle.

Your very neighbors are probably suffering from it. If you want to know without expense what it will do for you personally, send your name to Dr. Caldwell and he will be glad to send you a free trial bottle. He is actually anxious to have you make a test of his remedy.

Thousands of families everywhere keep it in the house against such an emergency as constipation, sour stomach, indigestion, biliousness, dyspepsia, heartburn, torpid liver, etc., which may come on a member of the family any day. It is pleasant to the taste, acts gently and does not gripe. It is the great children's laxative tonic.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 507 Caldwell Bldg., Monticello, Ill.

He Had a Fuzzy Feeling.
In the soft twilight of summer afternoon mother came upon Young Hopful standing in a brown study by the greenhouse door. His hands were clasped before him and his lips were dejectedly parted.

"Why, what's the matter, lamb?" mother asked, bending over him.
"I'm flaking, maver."
"What about, little man?"
"Have gooseberries any legs, maver?"
"Why, of course not, dearie."
A deeper shade fell athwart dearie's face as he raised his glance to her.

COUNCIL BOARD HOLDS MEETING

October Reports Are Received and Filed.

Routine Business Only Occupies Attention of Solons on Election Eve.

ONLY TWO OF THEM ABSENT.

The board of councilmen met in regular session last night and no new business was before the board only the regular routine business came up and it was disposed of in short order. Councilman Foreman was elected to act as president in the absence of President Lindsey.

The appointment by Mayor Smith of Mr. George F. Emory, to fill the vacancy in the board of supervisors was ratified. Dr. D. G. Murrell's reappointment for a period of 5 years as a park commissioner was ratified.

A number of reports for October were received and filed. They were the report of the finance committee, report of the board of supervisors, report of Chief of Police James Collins and the report of Milk and Meat Inspector Ed P. Farley. The report of the joint finance committee, showing accounts for the last half of October to the amount of \$19,330.50, was ordered paid. Fifty dollars was allowed for the services of an assistant assessor.

The residents along the west side of North Third street between Jefferson and Monroe streets petitioned the board to put down a sidewalk, because in bad weather the street is almost impassable. The petition was referred to the street committee.

Messrs. W. N. Levan, Sr., and Jr., will be granted a franchise to operate a ferry from the foot of Elizabeth street to Livingston Point, providing the franchise will not interfere with the present ferryboat franchise, which says that no other ferryboat can operate within one mile of their landings where the city has jurisdiction.

The city accepted Mr. A. S. Elliott's proposition to pay \$120 for street improvement at his property at Ninth and Ohio streets, and the city pay the remainder of the improvement debt.

On motion of aldermen, the city engineer, city solicitor and the street committee will act with the Illinois Central railroad to have a crossing put in where Cedar street crosses the track in Littleville.

Mr. W. N. Warren asked for an estimate on the cost of sewer connection at his property on North Fourteenth street and permission to make connection. The request was granted.

Mr. W. R. Jones was granted a deed to a lot in Oak Grove cemetery. Resolutions regulating the setting of slabs and stones on graves in Oak Grove cemetery was given first and second passage. On recommendation of the cemetery committee, the board ordered. Mr. Mattison, sexton of the cemetery, to clear the trees from the streets in the Oak Grove addition.

The ordinance committee was instructed to bring in an ordinance providing for the improvement of Thirteenth street in the Plunkett Hill addition, as was contracted. Because of the noise of ringing so many gongs on wagons early in the morning the ordinance committee was instructed to bring in an ordinance governing the ringing of these gongs.

City Engineer L. A. Washington was granted a two weeks' leave of absence to visit his father in Virginia.

Those present last night were Councilmen Foreman, Bowers, Duvall, Ford, Kreutzer, Lackey, Mayer, Van Meter, Wilson and Young. Those absent were Councilmen Lindsey and Cornelson.

PILES CURED IN 6 TO 14 DAYS.
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded, 50c.

Where is John Henry Jones?
The police department received a letter today from W. B. Jones, of State Line, that he was searching for his brother, John Henry Jones, who was last heard of in Paducah. He stated they were born in Jones county, Tenn., and that his mother's name was Kate Jones. There are so many Jones' in the city that the police have failed to find John Henry.

S.S.S. THE REMEDY FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. S. is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood is the only hope of a successful cure; and it should be a medicine that not only cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. is just such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, nourishing blood and makes a permanent and lasting cure. Book on Sores and Ulcers and any medical advice mailed free to all who write.

I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them.

Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardonia, Ky., writes:

"I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

WILL PLAY C. C. & W. CLUB ON WEDNESDAY.

One of the Best Football Games of Season Scheduled for Local Gridiron.

The C. C. & W. football team is putting in good work and the team will be strengthened for the hard game Wednesday afternoon with the Union University team of Jackson, Tenn. The university team was defeated Saturday for the first time this year. "It was not because the university team was outplayed," said the Commercial Appeal, "that they were defeated, but it was on a fluke play that had 'whiskers.' The game will be played at League park and one of the largest crowds that ever witnessed a football game is expected. The university team is a fast bunch of players and play snappy college football.

The Chess players have a number of new plays and expect to win from the university team. It makes no difference which team wins, the game will be a sure enough gridiron battle from start to finish.

THEATRICAL NOTES

Returns at Kentucky.

The management of The Kentucky has made arrangements with the telegraph company to have a special wire installed with an expert operator in charge and complete election returns will be received tonight and shown on a canvas between the acts of the Rosamond Minstrels. The theater will be kept open until 1 o'clock, so that those who desire complete returns may wait and receive them in comfort.

Rosamond Minstrels.

The Rosamond minstrel, that appears at the Kentucky theater tonight, November 3, feature the minstrel choir of sweet voiced singers.

Two Scenes From "Human Hearts," at The Kentucky Saturday, Nov. 7th.

Including the following well known artists. Edwin B. Topmiller, tenor; George A. Scherer, baritone, and Nicholas Ray, basso, surrounded by a chorus of well trained voices.

Besides seeing this qualified attraction you have an opportunity in getting the election returns just as soon as they are sent into the city.

"Marrying Mary."

The part of Mary Montgomery, Florence Gear's role in Edwin Milton Royde's musical play, "Marrying Mary," has been drawn with peculiar boldness of line, precision of touch and clearness of intention. Marrying Mary Montgomery, thrice married and divorced, and with three would-be future husbands dangling at her heels, has no ordinary situations to make much of, and no commonplace of sentiment and diction to confound her striking personality and unique ideas of life and its responsibilities.

Mary Montgomery is barbarically unconventional, her mannerisms are those of a potted woman of fashion, her temperament that of an exotic. She is as irresistible as she is dangerous, capable of crumpling up an ordinary suitor with a word or a glance. Florence Gear and a large singing company, in "Marrying Mary," will be seen at The Kentucky Tuesday, November 10.

Black Patti.

"The Blackville Strollers," "The Black Patti Comedy Four," "A Festival of Parisian Melodies" and ten top notch variety acts by "Black Patti," the greatest singer of her race, Tatt Whitney, "the most comical colored singer in the world," Slim Henderson, "the New Orleans honey-suckle," James Godman, "the twentieth century musical marvel," Sarah Venable, "the Louisiana Lasse," Theresa Burroughs, "the Georgia Oriole," Daisy

they compel the undivided attention of the spectators. A strong vein of comedy runs through the play, but it is so placed that never at any time does it conflict with the more serious scenes. The author has been careful to preserve the dramatic unities. His characters are finely drawn and as true to nature as possible; in fact, he has taken most of his characters from life. "Human Hearts" will be seen at The Kentucky, matinee and night, Saturday, November 7.

Tim Murphy.
To every person at all conversant with "things theatrical," the name of Tim Murphy stands prominently forth. Every season this enjoyable comedian visits us and has never failed to bring us something pleasing and highly entertaining. This season, he comes with another brand new article as far as the stage presentation goes, for he is to be seen in Charles Jeffrey's comedy, "Cupid and the Dollar." In "Cupid and the Dollar," Mr. Murphy offers what is possibly the most pretentious undertaking he has yet had, for it has certainly so far been his greatest success, and while a powerful dramatic story there has not been omitted the necessary comedy so requisite to a player of his type. Mr. Murphy will be at The

Human Hearts.
The mere announcement that "Human Hearts" is coming is a matter of much import to the theatergoers. No melodrama of modern times has enjoyed the vogue that has been accorded to W. E. Nankville's solid substantial success, "Human Hearts." The reason is apparent. The play is interesting from the rise of the curtain on the first act until

LEE MARSHALL IS FOUND IN BOX CAR

Murdered, Robbed and Hidden
in There.

Mayfield Traveling Man Meets Foul
Play on His Way to Memphis
Sunday.

MYSTERY IS NOT YET SOLVED

Mayfield, Ky., Nov. 3.—Lee Marshall, a well known young man of this county, near Pottsville, was found dead in a railroad car near Memphis Sunday. He is the son of Abe Marshall, of this county, and leaves a wife and one child. He was a son-in-law of Alfred Sanderson, having married his daughter a few years ago. His family was living at Mr. Sanderson's white Marshall was traveling for a medicine firm.

Mr. Sanderson left Mayfield Monday morning at 4:30 o'clock for Memphis and brought the body to this county for burial.

The Memphis Commercial Appeal has the following to say, concerning the tragedy:

"Murdered by unknown assassins and cast into a coal car of a passing freight train to cover up any trace of the perpetrators of the horrible deed, the body of Lee Marshall, 32 years old, was found Sunday morning on the tracks of the Illinois Central railroad near Montgomery park. The body was still warm when found and blood was oozing from two ragged bullet wounds.

The identity of the murdered man was established by papers found on his person, which showed that he was employed by the McCounis laboratory of Winona, Minn., and had been selling flavoring extracts, spices and other articles. Letters were also found on the body addressed to the dead man at Bardwell, Ky., evidently the last place he had canvassed.

"A statement was discovered showing that Marshall was indebted to the firm to the extent of \$888.34. This discovery brought out a theory of suicide, but upon investigation the police were unable to find any weapon in the car, on the dead man's person or anywhere near the scene of his death. One of the wounds was inflicted in the right breast and the other in the right groin.

"When discovered the body was still warm, showing that the crime had not long been committed and de-

Murdered Man From Kentucky.

"The train to which the car was
attached had been made up at Puc-
ton, Ky., and had stopped at Oulton,
Dyersburg, Rialto and Millington,
Tenn., en route to Memphis. It was
in charge of Conductor Strickland,
Flagman Eddins, 114 Rayburn ave-
nue, Memphis; and brakeman Massey,
of Dyersburg, Tenn.

"The police immediately communi-
cated with the authorities at Bard-
well, who at first seemed to know
nothing of the man. Later in the
night a telegram was received from
Chief of Police McNitt, of Mayfield,
stating that the father-in-law of the
murdered man would arrive there
this morning to take charge of the
body.

"The body was turned over to J. J.
Coffins, undertaker, and will be held
until the arrival of the man's rela-
tives. The case was reported by
Patrolmen Easley and Chuck, who,
with the assistance of other members
of the police force, are now exercis-
ing all their power to ferret out the
perpetrators of the deed."

MAN AND WOMAN CONFESS TO GUILT

Murdered Husband's Half
Brother Once Husband.

Killed Victim While He Slept—
Carried Body Away to Isolated
Spot Where Found.

SHARP AX WAS THE WEAPON.

Detroit, Mich., Nov. 3.—After con-
fessing their guilt to the police to-
day, John Kurk, a teamster, and Mrs.
Anthony Schultz, were arraigned be-
fore a justice of the peace and plead-
ed guilty to a charge of murdering
Mrs. Schultz's husband, who was a
half brother of Kurk.

The latter said the crime was at-
tributable to the ill-fated affection be-
tween himself and his half brother's
wife. Kurk had been living in the
home of the Schultz couple.

According to the confession of
Kurk and Mrs. Schultz, the police
say, Schultz was murdered in his
bed about 3:30 a. m., a week ago
yesterday, the wife in another room
being unable to hear the fatal blow
of the ax each time it fell.

She then was called into the room
and lifted the feet of the man as
Kurk lifted the shoulders while they
carried the body to a dump wagon in
which Kurk took it seven miles to a
secluded lane in the western suburbs,
where it was later found hidden un-
der a pile of straw.

Arrived.

A defective flue in the kitchen of
the residence of Mrs. Addie Hans,
623 Jefferson street, caused a fire
yesterday afternoon about 3 o'clock
that threatened several other houses
for a few minutes. Fire companies
Nos. 1 and 3 responded, and after a
good fight kept the fire from spread-
ing. No one was at home and the fire
had a good hold in the attic before it
burst out and was discovered. The
home of Mrs. Will Clark, 621 Jeffer-
son street, was damaged by water.

The City of Salt Lake, which has
been tied up in the Paducah harbor

morning at 7 o'clock for St. Louis,
and will leave there the latter part of
this week for Waterloo, Ala., and
way landings. Capt. Harry Crane
was in charge of the Salt Lake, Charles
Street and Ed. Peil, pilots, and Bob
Suddeth, chief engineer, and Van
Pelly, assistant engineer. S. C.
Baker, arrived from St. Louis last
night and went out as clerk.

The J. B. Richardson was delayed
on account of fog in the Tennessee
and did not arrive on time, but got in
this morning with a large cargo of
freight for Brookport, Metropolis and
Joppy. She went on down the river
this morning to unload and will re-
turn tonight and receive freight at
the wharfbot tomorrow till 6 o'clock
in the evening, when she will leave
for the Tennessee.

The Kentucky is being made ready
to go out in the R. Dunbar's place in
the Kentucky's regular trade Satur-

The Clyde will be let off the ways
either tomorrow or Thursday and will
enter her regular trade next week.
The J. B. Richardson is now run-
ning in the Clyde's place.

The George Cowling made her regu-

turn tomorrow morning.

The big excursion boat J. S. will be
let off the ways this week. The J. S.
has received repairs to all parts and
is in first class condition.

The Pavonia arrived from the Ten-
nessee today with a tow of railroad
ties for the Ayer & Lord Tie com-
pany of Paducah. The Pavonia will

return to the Tennessee tomorrow
after another tow of ties.
The Jim Duffy will be in tomor-

The local officials of the packet
company are making arrangements
for the steamer Chattanooga to leave
Paducah in a few days. An immense
amount of freight has been piled up
at Paducah for this boat, and it is
probable that a part of the cargo will
be put on a barge. The first trip will
necessarily be slower than generally
made by this steamer.—Chattanooga

LOGICAL ECZEMA CURE ENDORSED BY PHYSICIANS

After treating eczema for years as a
practically incurable disease, the
medical world is greatly interested in
the discovery that it is not a blood
disease at all, but is due to a parasite
in the skin itself. This parasite is
easily destroyed by the external ap-
plication of a compound of oil of
wintergreen, thymol, glycerine, etc.,
which will quickly kill all eczema
germs, while soothing and refreshing
the skin.

R. A. Folkerts, of Duluth, Minn.,
tells of the success with D. D. D.
Prescription in treating patients:

"There was a man here suffering
from eczema for the last fourteen
years, and I applied the D. D. D.
treatment. I also applied it to a man
of West Duluth, Minn., who has been
suffering with Rheumatism for four
teen years, and Eczema in his feet,
and the second treatment in both
cases cleared the skin almost abso-
lutely. I hope that everyone in the
world will be able to learn of your
remedy. The first application is only
a balm, and its soothing effect is be-
yond expression. I shall never be
without it, and shall use it among my
patients altogether."

No matter how terribly you suffer
from eczema, salt rheum, ringworm,
etc., you will feel instantly soothed
and the itch allayed at once when a
few drops of this oil of wintergreen
compound is applied. The cures all
seem to be permanent.

Lots of persons who cannot get a car while it is standing still will
run after it and try to get on, or "jump it" in the middle of the block.
What do you get for it? What may it cost?

The man who wrote this advertisement "jumped" electric cars for
several years before he got his fall. LUCK kept him from under the
wheels. The conductor called him several names and it did him a lot of
good. He picked himself out of the dirt and asked the conductor why in
the name of safety he had not called him those names BEFORE it hap-
pened!

Daily Thought.

The greatest truths are the sim-
plest; so likewise are the greatest
men.—Hefele.

Mr. Bryan is a fine man.

Scratch a scholar and you'll find a
barbarian.

Hurrah for Bill! Knew he'd win.

A man told us his plans the other
day and we asked him when he is
going to die. He said he didn't
know.But you're sore at the paper, be-
cause it doesn't tell how the election
is going. Isn't it aggravating? The
American press hasn't been developed
to that degree—yet. There will be a
heap of changes made in the official
returns tomorrow forenoon, or we
lose our guess.Republicans will look worried and
Democrats will be glad up till a late
hour tonight. Every return that will
come in from the north and east will
show Democratic gains. Necessarily
so. Take our neighbor Ohio for in-
stance; Roosevelt carried it by 250,-
000. The most sanguine Taft man
does not expect more than 50,000
majority. More than 100,000, prin-
cipally in the cities, will slip from
the Republican to the Democratic
column and it will just scare us
plumb to death for a little while. We
may have good reason to be scared,
too. We might let more of them
slip than we intended to.

MR. BRYAN'S TRUST IDEA.

Mr. Bryan is so much enamored of
his percentage plan for determining
the vice or virtue of trusts that he
seeks to justify it by comparing it
with Governor Hughes' limit upon
the amount of business an insurance
company may do. Surely, he says if
Governor Hughes is right in suggest-
ing a limit of 7 1/2 per cent, my 50
per cent limit is generous to a fault.
The point here sought to be made is
not to distinguish between the two
limits, showing that there is no fair
analogy between them, but to cite a
practical and specific example where
Mr. Bryan's limit would not protect
the community.A corporation of forty-two stock-
holders, and with an aggregate capi-
tal of \$200 paid in, would seem to
be as innocent a combination as can
be imagined. Yet the Planters' Pro-
tective association of Kentucky, ac-
cording to the evidence in a court
proceeding, makes profits amounting
up to \$200,000 annually. Among any-
body would be paid in \$4.76 to
secure profits realized on a per-
centage which would make Mr.
Roosevelt pale with envy. Even
Mrs. N. E. Greene was able to buy a
share, and the association gallantly
elected her secretary.The southern newspapers are man-
ifesting an interest beyond the names
of the officers of this particularly
prosperous little concern. The Nash-
ville American says:"This company starts out with an
imposition on the state by incorporat-
ing a \$10,000,000 company on \$200
capital and brings about the destruction
of a great industry, whips the
neighbors, burns buildings, frightenswomen and children, kills men and
destroys cities—Russellville, Hopkins
ville, Henderson and Clarksville—in
order that the profit heretofore used
to sustain the thousands of inhabi-
tants of these cities and their contin-
gent communities may go direct to
forty-two stockholders. In that pa-
triotic organization incorporated as
the Tobacco association."Mr. Bryan will see that the dimen-
sions of this little concern are alto-
gether too modest to bring it within
the mesh of the net. And to our sug-
gestion that mere size was no proof
of guilt we may now add that neither
is mere smallness any proof of inno-
cence. Trusts may be good or bad,
but they cannot be differentiated by
their dimensions. The giant of the
circus cannot be convicted of murder
because of his size, nor is murder
something impossible to be committed
by a Tom Thumb. The sugges-
tion that trusts, like men, should be
punished when they are guilty, and
not otherwise, is too simple to be
worth Mr. Bryan's attention. With-
out asking so much of him, it would
be edifying to have his opinion of the
comparative villainy of the tobacco
trust, and of these "peace armies"
whose night riders terrorize the en-
tire country side in the tobacco and
cotton districts.—New York Times.

TRIBUTE TO CHARLES REED.

John B. Gaines, editor of the Park

and a former Paducahan, says edi-
torially of the late Charles Reed:
"The editor of the News regrets to
learn that Hon. Charles Reed, Padu-
cah's leading hotel man and for eight
years the mayor of the city, is dead.
Charles Reed, as he was affectionately
called by nearly everybody, was one
of the most popular men and most
lovable personalities to be found any-
where, was the friend of everybody
and everybody was his friend. Truly
a good man has passed away."Houser precincts in the county ran

a most efficient man in the school
work, and was a general favorite.

port Conference.Discussion of Action of Conference
Results in Rather Sensational
Statement.

CHARGES OF COMMANDER KEYS

Washington, Nov. 3.—In view of
the order of the secretary of the navy
revoking the prohibition here recent-
ly placed against officers who attend-
ed the Newport conference from dis-
cussing its action, an officer who was
prominently identified with the entire
proceedings of the conference, stated
that it had substantiated the charges
of defects pointed out in Commander
Key's letter on that subject, with a
few minor exceptions. This officer
has been foremost in his denuncia-
tion of naval defects.The conference decided, he stated,
that very few of these defects could
be remedied in the North Dakota and
Delaware, which are now 40 per cent
completed, but suggested that if prac-
ticable additional case armor of about
100 tons be placed around the smoke
pipes and uptakes to protect them
against splinters. The armor now
being five inches, the additional
armor would increase the protection
to eight inches. They recommend
that if practicable, an additional fire
control must be placed forward of
the smokestacks so that in case the
vision from the rear mast is obscured
by smoke, a clear view could be se-
cured from the other position.The conference also hesitated about
making extensive changes in the
plans of the Florida and Utah, as the
plans of these vessels required five
or six months for their preparation,
and any change that would involve a
change of weights to any considera-
ble extent would require a reconstruc-
tion of the plans.As now designed, the two aft tur-
retts of the Florida and Utah type are
on the same level, and it was pro-
posed, if practicable, to raise the sec-
ond turret. This is proposed because
in the event an aft turret, as now
designed, being disabled in certain
positions, the firing from the second
turret would be limited. The weight
so added to the second turret from
aft could be counterbalanced by low-
ering the middle turret.On the important subject of what
ought to be the type of the next bat-
tleships to be designed, the kind of
battery they should carry and their
armor, the conference has not made
a decision.

Steel Orders Increase.

The United States Steel corpora-
tion's statement covering the Sep-
tember quarter, showing earnings of
\$27,106,274, the best quarterly earn-
ings for the year thus far, more than
met anticipations, but in the trade the
item of earnings was outranked in
favorable significance by the item
showing the unfilled orders on hand
to be 3,421,977 tons, which is an in-
crease of about 100,000 tons by com-
parison with June 30, and marks the
first improvement of the volume of
unfilled orders since Dec. 30, 1906,
or nearly three years ago. This
growth in orders was promised and
perhaps in some quarters a heavier
increase was expected, but it is a well-
known fact that because of its insist-
ence on the maintenance of prices the
United States Steel corporation has,
since the first of the year, lost a great
deal of tonnage to independent con-
cerns which were willing to cut
prices. This is especially true of the
structural and fabricated branch of
the steel trade. In these lines the
American Bridge company, a subsidi-
ary of the United States Steel cor-
poration, has for months fallen far
short of securing its normal propor-
tion of the new orders placed, so that
under the circumstances the increase
of 100,000 tons in unfilled orders
does not fully reflect the improve-
ment in the steel trade which has
taken place.

THANKSGIVING PROCLAMATION.

By the president of the United
States—A proclamation: Once again
the season is at hand when, accord-
ing to the ancient custom of our peo-
ple, it becomes the duty of the pres-
ident to appoint a day of prayer and
of thanksgiving to God.Year by year the Nation grows in
strength and worldly power. During
the century and a quarter that has
elapsed since our entry into the circle
of independent people we have grown
and prospered in material things to a
degree never known before, and not
now known in any other country. The
thirteen colonies which struggled
along the sea coast of the Atlantic
and were hemmed in but a few miles
west of tidewater by the Indian-
haunted wilderness have been trans-
formed into the mightiest republic
which the world has ever seen. Its
domains stretch across the continent
from one to the other of the two
greatest oceans and it exercises domi-
nion alike in the Arctic and tropic re-
gions. The growth in wealth and
population has surpassed even the
growth in territory. Nowhere else in
the world is the average of individual
comfort and material well-being as
high as in our fortunate land.For the very reason that in mat-
terial well-being we have thus bound-
ed, we owe to the Almighty to show
equal progress in moral and spiritual
things. With nation, as with individual,
we make up a nation, material well-
being is an indispensable foundation.
But the foundation awaits nothing by
itself. That life is spent in piling
heap on heap, those things which
ministers merely to the pleasure of
the body and to the power that rests
only on wealth. Upon material well-
being as a foundation must be raised
the structure of the lofty life—of
the spirit if this nation is properly to
fulfill all that we so ardently hope
and desire. That the things of the body
are good; the things of the intellect
better, but best of all are the things
of the soul, for in the nation as in
the individual, in the long run, it is
character that counts. Let us there-
fore, as a people, set our faces resolu-
tely against evil and with broad
charity, with kindness and good will
toward all men, but with unflinching
determination to smite down wrong,
strive with all the strength that is
given us for righteousness in public
and in private life.Now, therefore, I, Theodore Roose-
velt, president of the United States,
do set apart Thursday, the 26th day
of November next, as a day of gen-
eral thanksgiving and prayer, and on
that day I recommend that the people
shall cease from their daily work
and in their homes or in their churches
meet devoutly to thank the Almightyfor the many and great blessings they
have received in the past and to pray
that they may be given strength so
to order their lives as to deserve a
continuation of these blessings in the
future.In witness whereof I have hereunto
set my hand and caused the seal
of the United States to be affixed.

It Happened in Church.

A southern clergyman tells the fol-
lowing amusing story:
After the morning sermon one Sun-
day, he had read the notices for the
week, and then announced the clos-
ing hymn—Number so-and-so. At
that moment one of the deacons came
down the aisle, and the minister
paused to hear what he had to say,
which was that the pastor had forgot-
ten to give notice of a meeting of the

adies of the congregation.

Accordingly the divine gave the
notice, apologized to the congrega-
tion for his forgetfulness, and then
again announced the number of the
hymn, and proceeded to read it. His
feelings and those of the congrega-
tion may be imagined when he began:
"Lord, what a thoughtless wretch
was I!"—November Lippincott's.

Concerning Drug Stocks!

A large, well selected stock enables us to supply the wants of a greater number of people and those more promptly than if we were handicapped by a small incomplete stock. We find our big stock a very great aid in filling prescriptions, too, enabling us to give what the doctor orders without the delay of sending out for it.

Furthermore, we can often make very low prices on goods in quantity lots.

POLITICS

(Continued from page one.)

the large cities are voting heavy and country districts are showing up well.

Northwest.
Chicago, Nov. 3.—The apathy which has marked the campaign is entirely dissipated. An enormous vote is polling. Both sides are claiming the victory. Reports from Cannon's district show a large vote and great interest. Reports throughout the northwest and central states are that voting is light. Both North and South Dakota are light in the rural districts. Michigan is going heavily Republican. Wisconsin shows increased interest because of the fight by La Follette against part of the regular ticket.

In Iowa the senatorial fight overshadows the general result. Kansas is voting heavy. Republicans claim everything.

Fights at St. Louis.
St. Louis, Nov. 3.—Numerous fights and displays of rowdism marked the early voting. There is a heavy vote throughout the state. Bryan is regarded as sure to carry the state. Hadley, Republican, has a chance to win the governorship. The senatorial primary is attracting unusual interest. Folk is regarded as having the better of it over Senator Stone for the Democratic nomination. Kerens apparently is the leading Republican.

Light Votes South.
Reports from the south and southwest, Democratic strongholds, indicate a light vote and little interest. Democrats undoubtedly will have a heavy majority in the solid south.

In West Virginia.
Wheeling, W. Va., Nov. 3.—Results are doubtful, although both sides are claiming it. There is heavy voting, especially in the rural mining districts. There is considerable scratching.

The President Votes.
Oyster Bay, Nov. 3.—It took Roosevelt fifteen seconds to vote. He had ballot 141. A great crowd at the voting place cheered the president. He immediately started to return to Washington.

John D. Votes.
New York, Nov. 3.—Rockefeller was kept waiting 40 minutes at a Sixth avenue tailor shop. It took a half minute for his ballot to be voted.

For the convenience of its friends, The Sun has installed four 'phones in addition to the ones now in—two of each company—so you should have no trouble in getting connection with the office to get election news.

IN SOCIAL CIRCLES

Beautiful Reception Last Evening.
Mr. and Mrs. Louis M. Rieke's reception last evening in honor of Mr. and Mrs. James Calhoun Rieke, who have just returned from their bridal trip, was a beautifully appointed affair.

The house was charming in the decorations, emphasizing the white and green color motif. The southern still was used with graceful effect throughout the rooms, outlining the windows and doorways. Palms and ferns interspersed with tall vases of white chrysanthemums banked the mantels. In the dining room the table was strikingly beautiful. The centerpiece was an effective arrangement of white chrysanthemums lighted by tiny wax candles about a flat mirror that gave a charming miniature lake effect.

Receiving in the parlor were Mr. and Mrs. Louis Rieke and Mr. and Mrs. James Calhoun Rieke. At the door leading into the dining room were Mrs. Frank Rieke and Mrs. John W. Scott. In the dining room were Mrs. May Rieke, Miss Claribel Rieke, Miss Carrie Rieke, Mrs. Lillie Rieke Boyd, Mrs. Clara Rieke Burnett, Mr. Charles F. Rieke, Mr. William Rieke, Mr. Louis Rieke, Jr., and Mr. Charles Trueheart, received in the hall.

A large number of guests were present during the reception hours from 8 until 11 o'clock.

Gregory-Scott Wedding a Pretty Affair.

The wedding of Miss Elizabeth Gregory and Mr. Charles Vaughn Scott, of Paducah, took place last Thursday evening, October 29, at 8 o'clock in the Woodland Avenue Presbyterian church. The ceremony was performed by the Rev. Mr. Marshall. The bride's sister, Mrs. R. E. McMillon, of Richmond, was her matron of honor, and Mr. Stewart Sinnott, of Paducah, was the best man. The ushers were Mr. Walter Chick and Mr. Clark Gregory, cousins of the bride, and Mrs. Newton Crawford presided at the organ. It was a white and green wedding, the church being prettily decorated in palms, ferns, smilax and white chrysanthemums. The matron of honor wore white with green trimmings and carried white carnations. The bride's gown was a confection of white messaline, net and lace, and she wore a tulle veil and carried bride roses and lilies of the valley. Her going-away gown was brown with touches of burnt orange. Immediately after the wedding Mr. and Mrs. Scott left for a two weeks' trip to New Orleans, Mobile, Atlanta and other southern cities, after which they will make their home in Wilson, N. C. The out-of-town guests who attended the wedding were the parents of the groom, Mr. and Mrs. Frank Scott, and his brother, Master Frank L. Scott, of Paducah; his sister, Mrs. Edwin Bewley, of Fort Worth, Tex.; Mr. Robert Bassett and Mrs. J. M. Kenny, of Leitchfield; Maj. E. B. Bassett, of Hopkinsville; Mr. Emory Dent, of Scottsville, and Mrs. Moorman Bassett, of Jett, Okla.

U. D. C. Chapter Holding November Meeting.
The Paducah chapter, United Daughters of the Confederacy, is meeting this afternoon at the Woman's club building. Mrs. Benjamin J. Billings and Mrs. J. J. Berry are the hostesses of the chapter. It is the annual election of officers. The report from the state meeting at Bardonia will be made by Mrs. James Koger, president of the chapter, who attended the convention.

Delphi Club.
The Delphi club met in regular session this morning at the Carnegie library. It was an especially interesting meeting. "The Delphi Oracle Ruins at Delphi," was graphically described by Miss Carrie Rieke, who

visited Greece last year when traveling abroad. Miss Dow Husbands read with sympathetic charm the two poems, Shelley's "Hymn to Apollo" and Mrs. Browning's "Dead Pan." "The Olympic Oracle and Olympian Ruins" was attractively given by Mrs. Saunders A. Fowler.

Sauerberger-Bray Wedding Banns.
The wedding banns of Miss Louise Sauerberger and Mr. Parker Bray were published Sunday at St. Francis de Sales Catholic church. The marriage will take place November 16th, at the parsonage of the St. Francis de Sales church. The Rev. Father H. W. Jansen will perform the ceremony.

Sharp Couple Married.
Miss Annie Sullivan and Mr. Ervin Rudolph, prominent young people of Paducah, were married Sunday by the Rev. Mr. Page. Immediately after the ceremony the young couple left for Louisville and other cities on a bridal tour. The bride is a popular young woman and Mr. Rudolph is a prosperous young farmer.

Trip to Metropolis.

Mrs. Artie Ashby, Miss Ethel Mitchell and Bertie Bruce, and James Butt, J. M. Elder and A. Boyd went to Metropolis last evening in the Cutaway.

Eclectic German Doctor's Graft.
A daring and well-planned swindle on a large scale was executed by a German doctor and his confederates. Near a small village in one of the Lake states lived a western millionaire in seclusion with his little daughter and a few servants. The child was afflicted with a rare cerebro-spinal complaint, a most unpleasant manifestation of which was a frequent bark-like hiccough, and eminent physicians, both in America and Europe, had pronounced the case organic and incurable.

Later there came to live in the village a widow with a little girl afflicted similar to the millionaire's daughter. This child was a delicate, flower-faced creature, with a sad lot, and the peculiar bark-like hiccoughs which she made at once attracted the millionaire's attention, and, being a big-hearted if rather ignorant man, he gave the mother employment about his home and showered the afflicted child with presents.

Perhaps four months after the widow's advent an eccentric German doctor settled in the village, and his services being sought by the widow he gave her child treatment, with the result that it was completely cured.

The millionaire sought to place his own daughter under the German's care, but the latter flatly refused to take the case. He was a socialist of a violent type and would have nothing to do with a man whose wealth exceeded the sum that he had fixed upon as the lawful limit of material possession.

Finally, however, after the father had patiently borne the grossest insults, the German agreed to give the afflicted child treatment, on condition that the other would first deed over a large tract of land in Texas for a socialist colony and pay him for his fee a sum little short of \$50,000. This the millionaire did, but as soon as the doctor had cashed the check he disappeared with the widow and her child and the wealthy man realized that, blinded by paternal love, he had been made the victim of an ingenious swindle.

The flower-faced girl of the widow had been taught to simulate a disease, and the German was no doubt her father. He was subsequently located in Buenos Ayres, but the injured man, not wishing his daughter's affliction published, brooded, dropped the prosecution.—From "The Latest Methods of Graft" in the Bohemian Magazine.

An Easy Shave.
The other day a man walked into a barber's shop, deposited upon a table a number of articles which he took from a satchel, and arranged them with artistic care.

"This is pomade," said the visitor. "I am well supplied," said the barber.

"This is bear's grease." "I am full up with bear's grease." "Here is some fine bay rum." "Don't doubt it, but I make my own bay rum and put on foreign labels. Nobody knows the difference."

"Here is some patent cosmetic for the mustache." "I know it is for the mustache, also for the whiskers, and all that, but I'm thoroughly stocked and reeking with cosmetic at present."

"Here are an electric brush, a duplex elliptic hair dye, lavender water, and a patent face powder." "I don't want any of them." "I know you don't." "Then why do you ask me to buy them?" "I did not ask you to buy them. Did I say anything to you about buying them?" "Come to think about it, you didn't."

NOTED SONGS RECALLED
BY THE WRITER'S DEATH.

Galesburg, Ill., Nov. 3.—Childhood memories will be brought back to thousands by the death here today of the author of "Little Drops of Water" and "Think Gently of the Erring." Mrs. Julia A. Carney, whose poems are in many church hymnals and have been translated into many languages, breathed her last at noon after an illness that kept her in bed for three months. Besides being sung, some of her poems have been used as recitations for children.

She was born in Lancaster, Mass., April 6, 1823, and spent her girlhood there. She taught school in Boston and Philadelphia. As a child she wrote poetry, and her first poems were published when she was 14.

"Little Drops of Water" was written in 1845 for a Sunday school exercise and was published first in leaflet form. For years Mrs. Carney occupied the poet's corner in the Trumpet and contributed many articles, both prose and poetry, to the Christian Freeman, the Ladies' Repository and other periodicals. In 1849 she married Rev. Thomas J. Carney, a Universalist clergyman, and in 1858 they settled in Galesburg. Mr. Carney died in 1871. She has continued to reside here with her sons, Fletcher and James Carney.

When 71 years of age she wrote "Fill Your Home With Sunshine."

Centric German Doctor's Graft.
A daring and well-planned swindle on a large scale was executed by a German doctor and his confederates. Near a small village in one of the Lake states lived a western millionaire in seclusion with his little daughter and a few servants. The child was afflicted with a rare cerebro-spinal complaint, a most unpleasant manifestation of which was a frequent bark-like hiccough, and eminent physicians, both in America and Europe, had pronounced the case organic and incurable.

Later there came to live in the village a widow with a little girl afflicted similar to the millionaire's daughter. This child was a delicate, flower-faced creature, with a sad lot, and the peculiar bark-like hiccoughs which she made at once attracted the millionaire's attention, and, being a big-hearted if rather ignorant man, he gave the mother employment about his home and showered the afflicted child with presents.

Perhaps four months after the widow's advent an eccentric German doctor settled in the village, and his services being sought by the widow he gave her child treatment, with the result that it was completely cured.

The millionaire sought to place his own daughter under the German's care, but the latter flatly refused to take the case. He was a socialist of a violent type and would have nothing to do with a man whose wealth exceeded the sum that he had fixed upon as the lawful limit of material possession.

Finally, however, after the father had patiently borne the grossest insults, the German agreed to give the afflicted child treatment, on condition that the other would first deed over a large tract of land in Texas for a socialist colony and pay him for his fee a sum little short of \$50,000. This the millionaire did, but as soon as the doctor had cashed the check he disappeared with the widow and her child and the wealthy man realized that, blinded by paternal love, he had been made the victim of an ingenious swindle.

The flower-faced girl of the widow had been taught to simulate a disease, and the German was no doubt her father. He was subsequently located in Buenos Ayres, but the injured man, not wishing his daughter's affliction published, brooded, dropped the prosecution.—From "The Latest Methods of Graft" in the Bohemian Magazine.

An Easy Shave.
The other day a man walked into a barber's shop, deposited upon a table a number of articles which he took from a satchel, and arranged them with artistic care.

"This is pomade," said the visitor. "I am well supplied," said the barber.

"This is bear's grease." "I am full up with bear's grease." "Here is some fine bay rum." "Don't doubt it, but I make my own bay rum and put on foreign labels. Nobody knows the difference."

THE DELPHIC CLUB
The Delphi club met in regular session this morning at the Carnegie library. It was an especially interesting meeting. "The Delphi Oracle Ruins at Delphi," was graphically described by Miss Carrie Rieke, who

visited Greece last year when traveling abroad. Miss Dow Husbands read with sympathetic charm the two poems, Shelley's "Hymn to Apollo" and Mrs. Browning's "Dead Pan." "The Olympic Oracle and Olympian Ruins" was attractively given by Mrs. Saunders A. Fowler.

Sauerberger-Bray Wedding Banns.
The wedding banns of Miss Louise Sauerberger and Mr. Parker Bray were published Sunday at St. Francis de Sales Catholic church. The marriage will take place November 16th, at the parsonage of the St. Francis de Sales church. The Rev. Father H. W. Jansen will perform the ceremony.

Sharp Couple Married.
Miss Annie Sullivan and Mr. Ervin Rudolph, prominent young people of Paducah, were married Sunday by the Rev. Mr. Page. Immediately after the ceremony the young couple left for Louisville and other cities on a bridal tour. The bride is a popular young woman and Mr. Rudolph is a prosperous young farmer.

DEVIL'S THEORY IN MODERN FICTION

That Man is Essentially and
Hopelessly Selfish.

Job and Many Other Biblical Char-
acters Refute This Argument of
Satan.

SERMONS AT CHURCHES SUNDAY

The Rev. Thomas Cummins, of Heu-
derson, preached two scholarly and
effective sermons at the First Presby-
terian church Sunday. In the morn-
ing he took Job as an example that
God can bind to Himself a man with
ties so strong that nothing can draw
him away. Many other biblical and
historical characters were cited to dis-
prove the theory that man is hopelessly
selfish. He referred to a school of
fiction which has accepted the devil's
theory of fundamental selfishness and
contradicted it by demonstration. In
the evening he spoke on the "Pres-
ence of the Bridegroom."

At Third Street.
Splendid services were held at the
Third Street Methodist church Sun-
day. There was one addition to the
church by confession of faith at the
morning service. There was com-
munion at night. The official board
of the church will meet after prayer
meeting Wednesday night.

Revival Continues.
The revival services at the North
Twelfth Street church, which have
been remarkably successful, will con-
tinue throughout the week. The Rev.
Terry Martin, who has been assisting
in the meeting, was compelled to
leave last week to fill another ap-
pointment, and the Rev. J. R. Clark, the
pastor, will do the preaching. Baptiz-
ing services were held Sunday af-
ternoon at the foot of Kentucky ave-
nue and seven converts were baptized.
There have been altogether 100 addi-
tions to the church during the meet-
ing.

Luther Day.
Special services in honor of the an-
niversary of Luther's reformation of
the church were held at the German

FOR AGED PEOPLE.
Old Folks Should Be Cared in Their
Selection of Regulative Medicine.

With advanced age comes inactive
bowel movement and sluggish liver.
Nature is unable to perform her prop-
er functions and requires assistance.
Otherwise, there is suffering from
constipation and its attendant evils.
Old folks should never use payze
that is harsh and irritating.

We have a safe, dependable and
altogether ideal remedy that is par-
ticularly adapted to the requirements
of aged people and persons of weak
constitutions who suffer from con-
stipation or other bowel disorder.
We are so certain that it will cure
these complaints and give absolute
satisfaction in every particular that
we offer them with our personal guar-
antee that they shall cost the user
nothing if they fail to substantiate our
claims. This remedy is called
Rexall Orderlies.

Rexall Orderlies have a soothing,
healing, strengthening, tonic and regu-
lative action upon the dry, relax-
muscled condition of the bowels. They
produce a natural, successive contrac-
tion and relaxation of the muscular
fibers of the bowel walls, generating
a wave-like motion which forces their
contents onward and outward; thus
stimulating nature in perfect bowel
movement. They also remove all ir-
ritation, dryness, soreness and weak-
ness. They tone up and strengthen
the nerves and muscles and restore
the bowels and associate organs to
more vigorous and healthy activity.
They may be taken at any time with-
out inconvenience, do not cause any
nausea, flatulence or other disagree-
able effect. Try Rexall Orderlies on
our guarantee. 36 tablets 25c, and 12
tablets 10c. W. B. McPherson, drug-
gist, Paducah, Ky.

ville, Ky.

Lutheran church Sunday and large
audiences attended both services. The
sermon in the morning was spoken in
the German language, while in the
evening English services were held,
the theme being "Luther Contending
for the Faith."

First Christian Church.

"Christ Loved the Church and gave
Himself for It," was the theme of Dr.
S. B. Moore's sermon Sunday morning
at the First Christian church.

"We say we love the church but
too often belie our words by our ac-
tion."

"Jesus demonstrated His love by
giving Himself.
"That kind of gift carries with it
all the powers of the man."

"The text is one of personal appli-
cation: Do you love the church? How
much? How do you know you do?"

"Many people claim membership in
the church, who do not give them-
selves, nor anything else for it. We
may boast of our beautiful church and
splendid material equipment, but do
we love the church for this, or the
principles for which it stands?"

"Love for anything means sacrifice,
therefore they who love the church
manifest it by sacrifice. The church
at large needs a fresh endowment
from on high, a sacrifice faith that
declares the church divine. We
should love the church because it is
the only vehicle of salvation."

There was one addition to the
congregation. In the evening Mrs. S.
K. Yancy, of Lexington, gave a splen-
did address on "Porto Rico and Its
Needs." Mrs. Yancy visited the is-
lands some time ago and spent several
months there in the interest of
Christian Woman's Board of Missions,
and spoke from a personal knowledge
of conditions there. The address was
very instructive and intensely inter-
esting.

First Baptist.

"What Kind of Candidate to Vote
For" was the subject of a splendid
sermon Sunday night by the Rev. M.
E. Dodd, pastor of the First Baptist
church. The church was crowded to
its capacity, and in the congregation
there was a liberal sprinkling of can-
didates. Dr. Dodd's text was "Right-
ness Exalteth a Nation; Sin Re-
proaches Any People," and his points
were for the good to prevail in the
election, and a downfall of the cor-
rupt politician. A side issue was the
bond issue for the schools. Dr. Dodd
took the position that Kentucky is
fourth from the bottom in education-
al statistics, and Paducah last in edu-
cational lists. He asked that what is
best for the schools might predomi-
nate. The present outbreak of law-
lessness in Kentucky and Tennessee
was attributed by him to ignorance.

Broadway Methodist.

The Rev. G. T. Sullivan preached
two strong sermons Sunday to large
congregations. "Christian Citizen-
ship" was the morning theme and the
four points of a Christian citizen as
laborer, soldier, teacher and ruler
were forcibly brought out. Mr. Frank
Cheek sang the offertory at the morn-
ing service. At night Dr. Sullivan
preached on "The Early Cavaliers of
Methodism," paying high tribute to
their work and executive ability as
evidenced today.

TURKEY A MAPMAKER.

Once Dominant Races Now Likely to
Learn What Civilization Means.

Russia and Turkey, between them,
govern most of the world's historic
races, administer the cradle lands of
most of the world's great religions.
Early in the nineteenth century, when
Greece and Egypt were still in the
Ottoman's grasp, the Turk might claim
that nine-tenths of the heritage of
the ancient world was in his keeping.
He still presides over the countries
celebrated in Rawlinson's "Five Great
Monarchies," over the countries of
the "Arabian Nights," over the coun-
tries where Xenophon marched with
the 10,000 and Alexander with the
companions; where the Christ began
his mission and Mohammed under-
took to give it another fulfillment, and
where the Crusader led the followers
of the one against the followers of
the other.

More will be heard of these ancient
races, as a result of the document that
gives them a voice in an imperial par-
liament. The long silence and paral-
ysis of absolutism will be lifted. That
silence has not been complete. There
had been material, if not political,
progress—railroads entering historic
lands, development of regions which
had not lost their old fertility, dis-
covery of resources, work on new
trade routes. Now political self-con-
sciousness will supplement such in-
dustrial revival as has appeared.—

Your Neighbors Can Tell You

No doubt, if you yourself don't know, of many marvelous cures of Stomach, Liver, Blood and Skin affections that have been made by the use of Dr. Pierce's Golden Medical Discovery, for it has a most successful record of over 40 years.

These CURES embrace also many bad cases of Weak Lungs, lingering Coughs, Bronchial, Throat and Lung affections, some of which, no doubt, would have run into Consumption, had they been neglected or badly treated. We don't mean to say that the "Golden Medical Discovery" will cure Consumption when fully seated, but it will strengthen weak lungs, improve digestion, and make pure, rich, red blood thereby overcoming and casting out disease-producing bacteria and giving robust, vigorous health.

All particulars about the "Discovery," its composition and uses, in Common Sense Medical Adviser, 1000 pages, revised up-to-date, sent for 31 cents, in one-cent stamps in cloth covers, or 21 cents for paper covered, to pay cost of mailing only. Better Cooking, Fewer Drunkards.

(By Josephine Morris, Supervisor of the Boston School of Cooking Teachers.)

If more general attention were paid to teaching cookery in public schools, there would be fewer drunkards. I don't blame men for going out nights and getting drunk when they never have a well-cooked meal at home. Cooking, the problem of proper nourishment, is one of the most important studies in the schools.

Give the American man good bread and you will make him a partisan of the home and fireside, said Dr. H. M. Wiley, recently, and added: With good bread the great destroyer of domestic felicity, dyspepsia, will be removed, and we will hear no more of the divorce problem.

I am not acquainted with conditions in New York, but if the cookery department is run on anything like the system we employ in Boston, there is little chance for extravagance. It seems very doubtful whether cooking teachers there are any more wasteful than they are here, or that they are careless with funds.

At any rate, there is no wastefulness in the Boston cooking depart-
ment. We have forty-three kitchen-
ettes in charge of thirty teachers. Each instructor is allowed \$12 a month for the purchase of supplies. Certainly that is not extravagant. And the amount of work done for such a small sum of money is really remarkable. I don't mean that each teacher spends exactly \$12 every month. At the beginning of the year, when we give instructions in cooking of cereals, the bills are often only \$6 or \$8. Later, when we take up the meats and fish the bills may be \$10. But we average \$12 a month. Economize? Oh, yes, we have to be very careful. It takes a great deal of planning. The teachers go marketing, and in turn teach the pupils how to buy the most nutritious meat for the least money.

Then we teach them not only the cooking of food, but also the chem-
istry of food, and the makeup of vari-
ous kinds and their effect on the
body. All branches of housework are
taught by the cooking teachers, too,
and especially cleanliness in the kitchen.

We buy fruit as they do in New
York. We buy oranges, for instance,
to show classes how to prepare an
orange for an invalid—to take out
the seeds, and so on. And we use this
fruit for orange sherbet, and for a
dessert that is made of sliced oranges,
placed inside gelatine. Usually, at
the end of a lesson, each pupil has
made a little plateful of cereal, or
sauce or creamed toast—not more
than a sample, you know. This she
is permitted to eat.

But when we use the more ex-
pensive materials we have to be very
saving. In teaching a class how to
prepare an orange for an invalid, the
instructor will use one orange, which
she prepares herself. Then she will

Mr. Rockefeller's Meal.
"I have just read a story of an
economical farmer that Mr. Rocke-
feller, Jr., had been telling to his
Sunday school class," said Higgins.
"He says there is a farmer out near
Cleveland who makes a red of eco-
nomy. Every time he drives into
town he carries a hen with him tied
to the seat of his buggy. A friend

who rode out with him one day was
curious to learn the use of that hen,
so he watched carefully and found
out. When at noon the farmer
lunched under a tree he gave his
mare a feed from a nose bag, and
the hen, placed on the ground, ate all
that the horse spilled from the bag,
so that there was no waste at all."

"Good story," said Higgins, "and
true, too. I know that old farmer.
Mr. Rockefeller didn't say where he
got him lunch, did he?"

"No," said Higgins. "The story
stops there."

"It was the egg the hen laid under
the buggy seat on the way out," said
Higgins.—Harper's Weekly.

For Strength

The Supreme Court Says

in a recent decision about female labor: "The two sexes differ, in structure of body, in the functions to be performed by each, in the amount of physical strength, in the capacity for long-continued labor, etc."

It follows that female weakness, due to these differences in body structure and functions, requires some certain medicine to hit the right spot and that Cardui, the medicine for women, is more likely to be

the right thing for women to take, when sick, than a medicine recommended for the two sexes alike.

Try Cardui, for female pain, irregularity, weak-
ness, or misery. It is a specific female remedy, es-
pecially recommended for the diseases peculiar to
the female sex, a medicine that, in the past 50 years,
has benefited over a million—WOMEN.

LADY OF THE WHITE HOUSE

Which One Will it be, Mrs.
Bryan or Mrs. Taft.

Mrs. Bryan Credited With the Brains
of Her Family—Helen Taft
Enjoys Caricatures.

WOMAN WHO KNOWS BOTH

A woman, who herself is qualified by wit and beauty to rule over the destinies of the white house, writes with interest of the two charming women who are particularly affected by the result of today's battle of the ballots. She enjoys acquaintance with both Mrs. Bryan and Mrs. Taft, making her comment of special value. She writes as follows:

The all-absorbing topic in the cabinet social set in Washington is who shall be the future first lady of the land. Only a few more days will Mrs. Roosevelt be entitled to the honor. After the war of the ballots Tuesday, either Mrs. W. J. Bryan or Mrs. William Taft will succeed to the place which has been so graciously filled by Mrs. Roosevelt during the past six years. It has been many years since the Democrats have had a president, yet none have forgotten the beautiful woman who presided over the social affairs of the white house during Grover Cleveland's terms. Mrs. Cleveland was a favorite throughout the south, known and loved for her sweetness of manner and womanly charm. If Bryan is elected a woman of similar characteristics in some respects will take Mrs. Cleveland's place as a Democratic first lady of the land. Mrs. Bryan is said to be a woman of magnetic personality, and is thought by many to be the peer of her husband in brain power. She is typically western in appearance—large and motherly, with broad, open features that speak of intellect, goodness and great strength of character. Her eyes are especially pretty and all who have met with this interesting lady declare she is "plain in dress, in manner and in appearance, but wholly attractive and charming. If the Democrats win, and Mrs. Bryan becomes mistress of the white house, there will be a debutante in the president's family. Miss Grace Bryan finishes this year at Hollins institute. She is very much like her mother in appearance. The only son, William Jennings, Jr., is a good looking manly boy, and though rumor declares he is engaged, the young fellow will no doubt form a popular acquisition to the eligibles in the cabinet set. Then, too, the little folks will be represented, for Mrs. Leavitt, Bryan's oldest daughter, makes her home with her parents. She has two interesting children.

Mrs. William Howard Taft. So much for the Democratic family in the white house, but should the Republicans elect their nominee, as equally a charming woman would grace the position of first lady of the land. Mrs. Taft is very striking in appearance, being unusually fine looking. She is a highly cultured woman, a talented musician and a linguist of note. Her private entertainments are always marked with simple elegance and she is regarded as a charming hostess at all times.

Their only daughter, Miss Helen Taft, is yet in her teens, having recently entered Bryn Mawr for her first term. Miss Helen is an attractive girl, light-hearted and always seeing the humorous side of everything. She has lined the walls of her room at college with various cartoons of her father taken during the campaign. Miss Taft is taking a keen interest in the election and has promised her school chums a big spread and a rousing good time next week if "Papa" is elected. She has arranged to receive the news by special wire at the college. As yet it is impossible to tell who will preside at the social functions of the white house, but either Mrs. Taft or Mrs. Bryan will fill the place with credit. They are both true American women, fond of home and children, possessing all the characteristics that go to make a model wife and mother. What more could one ask of even the first lady of the land?

Uses Herpicide Successfully in Treating Syphilis of the Beard.

He says: "I recently treated a case of syphilis (similar to 'barber's itch') of the lower lip, with Newbro's Herpicide. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."

MISSING STUDENT

YOUNG MAN ANSWERING DESCRIPTION FOUND.

W. E. Smith Receives Word From Russellville By Telephone.

Lexington, Ky., Nov. 3.—Word received from Russellville this morning leads to the belief that W. E. Smith, the missing State University student, has been found in that place. J. E. Smith this morning received a telephone message from the deputy sheriff at Russellville, stating that a young man answering the description of Smith had been found there. He at first claimed his name was Harrison, but later said he was Harry Smith, and that he had left Lexington, where he had been attending school, about five or six weeks ago, on account of bad treatment at college. The deputy sheriff stated that he had been watching the young man who has been employed in a paint shop for several days, and that he

would question him again and notify his brother if he proved to be the missing youth.

TOBACCO NEWS

Hopkinsville Tobacco. Hopkinsville, Ky., Nov. 3.—Last week's business on the local tobacco market was the best that has been noted for some time.

The Planters' Protective association sold 160 hogsheads, this going a long way toward wiping out the balance yet on hand from last year's crop.

On account of the stock being practically exhausted the Society of Equity had a very quiet week.

The same conditions exist with the Planters' Protective association regarding the 1908 crop of tobacco. It is still hanging in the farmers' barns, except in a few instances, where the farmer has decided to prize it himself.

Judging from the failure of several markets to make any report for the week ending October 23, and the decrease in the number of hogsheads sold for that period the business of the Planters' Protective association all over the dark district was rather dull. The report is:

A SHRUB THAT NEVER DIES.

The Resurrection Plant Will Live Without Soil or Water.

The resurrection plant is one of the most remarkable creations of nature. It accommodates itself to the changed conditions of climate with a readiness

that distinguishes it from all other species of plant life. It is such a curiosity that it is sold by the thousands by crulo dealers throughout the country.

The fact is not generally known that practically all of the resurrection plants sold in the United States are obtained from the mountainous region around Alpine, Tex. This is the native home of the remarkable growth. The plants grow in great profusion upon the rocks on the mountain sides at an altitude of 4,000 to 5,000 feet.

A McCullum, of Alpine, is the resurrection plant king. He inaugurated the business of supplying curio

dealers with the plants several years ago, and now has a monopoly of this trade. He will sell about one-half million of the plants this year, and at the rate the trade is growing probably double that number will be disposed of next year.

The resurrection plant is a species of desert vegetation. It is an air and water plant. It grows upon the rocks, but it has few roots and is really a parasite. It flourishes as well in the air as upon the ground, if given plenty of moisture. In dry weather, when the earth is lacking in moisture, the plant becomes brown and shriveled. It has the appearance of being dead. It can be kept in this patch.
